

# NEW YORK! NEW YORK!

SEPTEMBER 21 - SEPTEMBER 26, 2009

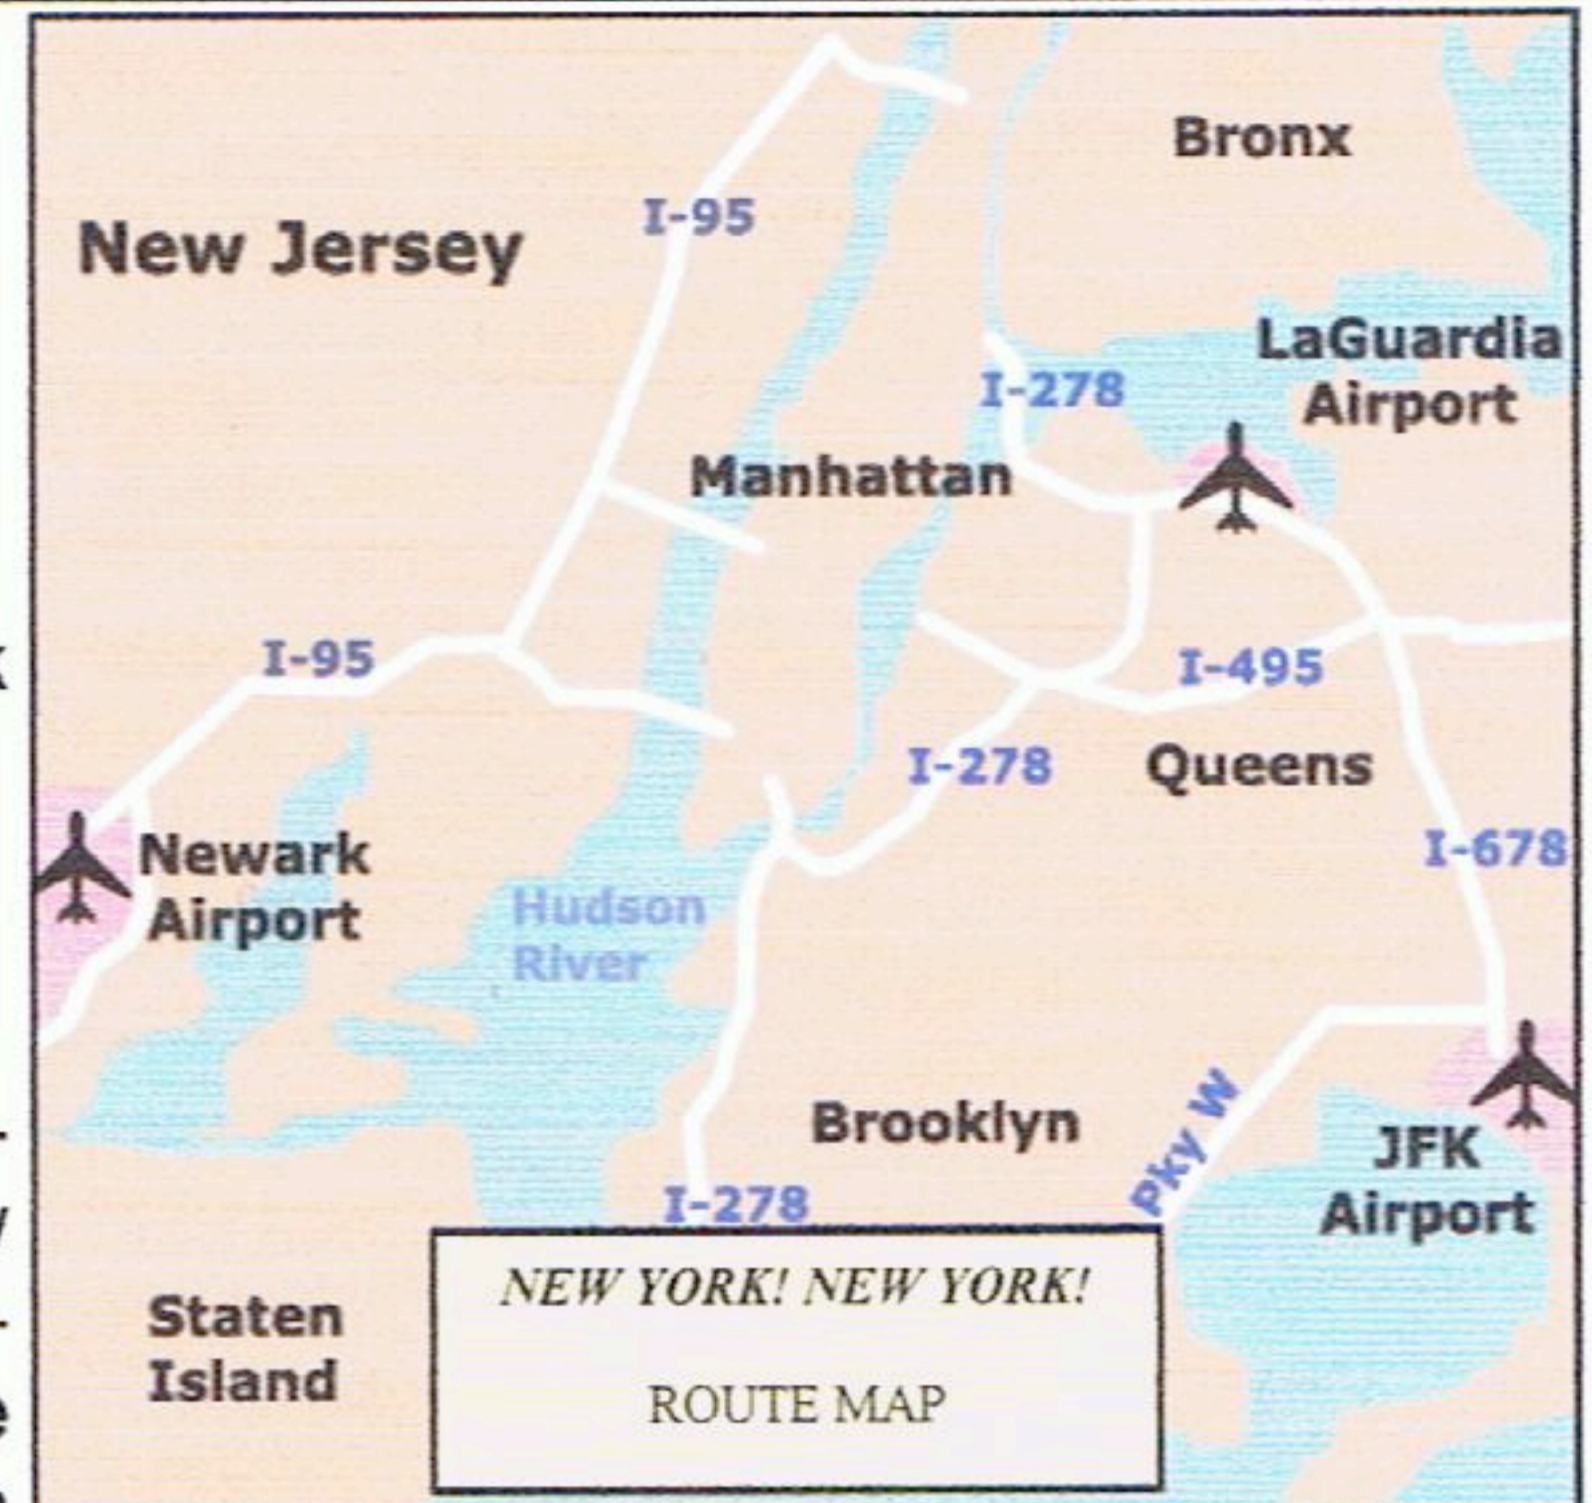

## Day 1 - Monday, September 21, 2009

### Arrive New York City, NY

Today we will depart from our home cities and arrive in **New York City**, to begin an amazing adventure exploring the 'Big Apple'.

## Day 2 - Tuesday, September 22, 2009

This morning we will board a **Double Decker Bus** for a fully narrated tour of **New York City**. We will have the opportunity to view the most famous neighborhoods, attractions and places of interest: **Times Square, Madison Square Garden, Macy's, Empire State Building, SoHo, Chinatown, Little Italy**, to name just a few. We will spend some time at the **Site of the World Trade Center (Ground Zero)**, and no doubt reflect on "the day that changed the world". This afternoon is free to explore or to shop in this city of '**Macy's, Bloomindales, and Sak's of 5th Avenue**'. This evening another wonderful experience as we attend a **Broadway Show** (show title to be announced).

## Day 3 - Wednesday, September 23, 2009

A very special day is planned - we will board the ferry to **Liberty Island** and tour the world famous **Statue of Liberty**. This will be followed by a visit to the **Ellis Island Immigration Museum**. We will enjoy an award winning movie, '**Island of Hope - Island of Tears**'. This 30 minute documentary film is a great introduction to the immigrant experience on **Ellis Island**. Next we will join a ranger for a 45-minute guided tour of **Ellis Island's** and we will learn of it's history. This evening is free to explore or shop or perhaps simply relax.

## Day 4 - Thursday, September 24, 2009

All in all, the feeling and spirit of New York City is embodied in the **Empire State Building**. From the people who fell in love here, to the ones who have returned with their children and grandchildren, everyone recognizes the building not only as an awe-inspiring landmark which offers one of the most spectacular views on earth but an unequalled symbol of American ingenuity and **Art Deco architecture**. New York's famous **Empire State Building**, an **U.S. National Historic Landmark**, soars more than a quarter of a mile into the atmosphere above the heart of Manhattan. The inspiring views from the two observatories, on the 86th and 102nd floor respectively, have enthralled more than 117 million people to date. Next we are heading to **Central Park**. Built in 1870, the rural Victorian Gothic structure now known as **Tavern on the Green** was designed by Jacob Wrey Mould as a sheepfold. It housed 200 South Dow sheep, which grazed across the street in **Central Park's Sheep Meadow**. Embraced by New Yorkers as a gathering place and Tavern on the Green quickly became an integral part of the city's summer social life. "A grand café overlooking **Central Park**", **Tavern on the Green** is one of New York's most dazzling dining experiences - a real show-stopper overflowing with crystal chandeliers, hand-carved mirrors, and stained glass. Nestled in its own magical gardens, Tavern on the Green exists in a fantasy-like setting. It is no wonder the critics say, "If Oz had a restaurant, this would be it!" A delightful treat today - as we enjoy a leisurely lunch at the **Tavern on the Green** followed by a stroll through **Central Park**.

More than 300 million people have come to the **Music Hall** to enjoy stage shows, movies, concerts and special events. This morning we will tour this amazing facility. Another wonderful afternoon in New York is planned with a visit to "**The Met.**" The **Metropolitan Museum of Art** is one of the world's largest and finest art museums. Its collections include more than two million works of art spanning 5,000 years of world culture, from prehistory to the present and from every part of the globe. We will also visit **NBC Studio's** for a historic tour that takes you through the halls and into the world of the **Peacock Network**.
