

# 'POLAR BEAR TUNDRA TOUR'

2009

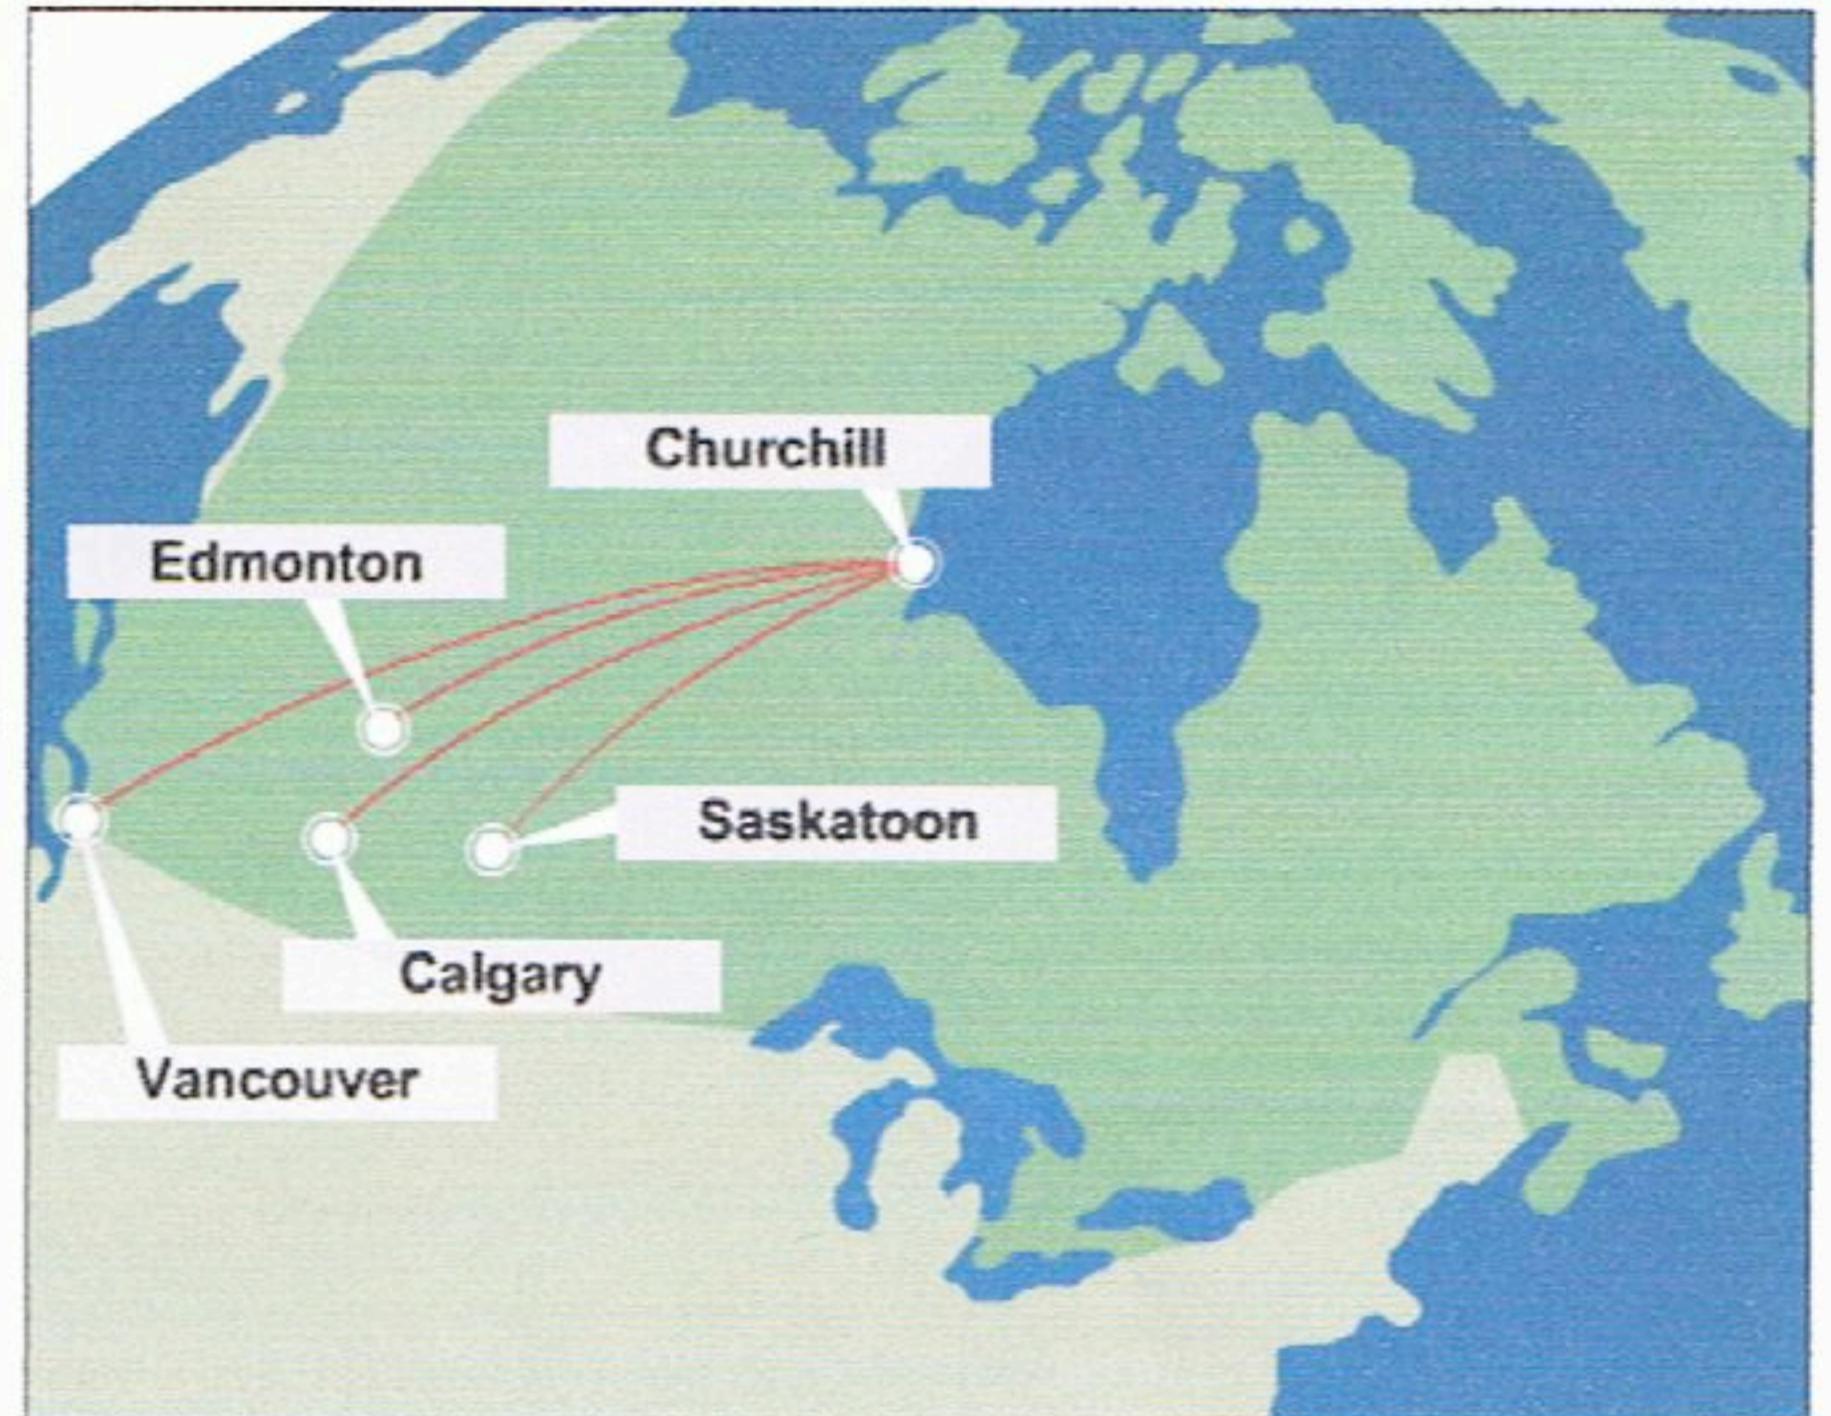

Experience a once in a lifetime, one-day, all-inclusive excursion from either **Edmonton** or **Calgary**, Alberta to the remote northern seaport of **Churchill, Manitoba** to witness **Polar Bears** swimming in their natural environment.

We will depart Edmonton and Calgary by chartered jet at approximately 6:30 a.m. to maximize our polar bear viewing time in Churchill.

Enroute to Churchill we will be served an in-flight breakfast while listening to a **naturalist speaker** entertain you with fascinating facts about the polar bears. Once we have descended upon Churchill our group will board buses and head directly for the **Tundra Buggies** for a 5 hour guided excursion. A hearty lunch will be served on-board the **Tundra Buggies**.

While on the northern Tundra, we will find ourselves among the great white polar bears. The day will conclude with a stop in historic **Churchill**, leaving time for souvenir shopping.

We will then board our aircraft and be served an in-flight dinner. Our flight will arrive back to either Edmonton or Calgary at approximately 8:00 p.m.

## Gateway Cities and Dates
